## Solomon's Proverbs: Women

King Solomon had 1000 wives ([1 Kgs 11:3](#)). Much of Proverbs is to his son, where he gave lots of advice about women. If you are a boy or man, God wants to save you from evil women to marry a great woman. If you are a girl or woman, you can learn what to be and what not to be.

### Proverbs 31:30

**"Favour is deceitful, and beauty is vain: but a woman that feareth the LORD, she shall be praised."**

The **perfect woman** to marry can be found. Ignore beauty and favors of women to seek one spiritual and one natural trait. Great women exist, and one properly selected will provide lifelong blessing and influence future generations. Here are two fool-proof traits, and both sexes should learn them well.

### Proverbs 6:26

**"For by means of a whorish woman a man is brought to a piece of bread: and the adulteress will hunt for the precious life."**

The **whorish woman** is a grave threat to every man that wants to be wise and righteous. She will reduce him to a piece of bread and seek to destroy his life. Solomon knew by experience, and he considered her worse than death. Only a few ever recover from her wiles, and then only by God's grace. Get far away from her now!

### Proverbs 31:10

**"Who can find a virtuous woman? for her price is far above rubies."**

The **virtuous woman** is honored, loved, and praised. Husband and children adore her. She loves them dearly, creates a perfect home, and contributes to a prosperous family estate. She outworks her peers, and her accomplishments enhance her husband's reputation and declare her superiority to all.

### Proverbs 5:20

**"And why wilt thou, my son, be ravished with a strange woman, and embrace the bosom of a stranger?"**

The **strange woman** is any woman you have not married, which makes her an alien and foreigner to your bed. Instead of this fatally dangerous woman, a man should be satisfied and ravished with his wife's body and love, and together they should build a legitimate and happy family, for God closely watches such.
